Cult Epics presents the most controversial and wanted cult-movies

Een groep jonge journalisten gaat op expeditie naar het Amazone-gebied om een documentaire te maken over de laatste nog overgebleven stammen die kambilisme bedrijven. De groep verdwijnt spoorloos. Twee maanden na hun vertrek wordt een reddingsteam gestuurd onder leiding van professor Monroe. Deze komt in contact met twee rivaliserende stammen, hun schokkende levenswijze en barbaarse rituelen. Al spoedig ontdekt Monroe de stoffelijke resten van de vermisten en vindt hij bij een van de stammen filmmateriaal. Eenmaal terug in New York ontmoet hij de managers van een tv-station dat de films wil uitzenden. Bij het bekijken van het materiaal ontdekt hij op welke gruwelijke wijze de journalisten zijn omgekomen en wie de werkelijke kambiliden zijn.

Het bijzondere van deze fameuze shocker is de film-in-de-film met zijn bizarre en grinnige realisme. Ook wordt echter de invloed van de media op een ongeschonden en autonome gemeenschap getoond; hoe ver kan je gaan in de jacht op steeds extremer nieuws? Dit is de schaduwzijde van onze maatschappij, waar alles draait om sensatie.

CANNIBAL HOLOCAUST is in Japan na E.T. de meest succesvolle film. Nu, na tien jaar is deze beruchte film eindelijk leverbaar in de Engelse taal (met Nederlandse ondertiteling); dit is de volledige en ongecensureerde versie. De mysterieuze (alleen gefotografeerde) en veelbesproken 'piranha-scene' werd nooit gefilmd.

WAARSCHUWING: IN HET BELANG VAN DE AUTHENTICITEIT ZIJN ALLE SCENES IN HUN GEHEEL VERBODEN, DAT KAN ALS SCHOKKEND WORDEN ERKEND. MET HETEN NAAM DEZE FILMS DOOR SINGELIEN WEDENEN DE 10 JAAR ZONDER AANBEZICHTEN VAN EEN VOLWASSENEN WORDT AFGEBAKEN.

A group of young reporters go on an expedition to the Amazon to make a documentary on the last remaining cannibal tribes. The group disappears without a trace. Two months later a team of rescuers, led by professor Monroe, is sent after them only to discover two savage tribes and their shocking way of everyday life. Monroe then finds the remains of the reporters as well as some filmmaterial with one of the tribes. Back in New York a tv-channel wants to broadcast the footage and Monroe discovers in what terrible way the reporters have died and who the true cannibals are.

What is so special about this shocker is the film-within-a-film displaying a bizarre and grisly realism. Apart from being a true exploitationer, CANNIBAL HOLOCAUST also has an odd sense of social criticism in that it shows the influence of the media on an unviolated and autonomous society. This reflects the dark side of our own society where everything revolves around sensationalism. In Japan, this film is only second to E.T. as the most successful production of all time. Now after ten years it is finally available in the English language. This is the full, uncensored version. The notorious (only photographed), supposedly missing piranha-scene was never filmed.

WARNING: FOR THE SAKE OF AUTHENTICITY SOME SEQUENCES HAVE BEEN RESTORED IN THEIR ENTIRETY. THIS CAN BE SHOCKING TO SOME VIEWERS. IT IS ADVISED NOT TO SHOW THIS FILM TO ANY PERSON UNDER 16, UNLESS THEY ARE ACCOMPANIED BY AN ADULT.

Although there are various methods available to measure this, here are a few:In the last few years, a number of studies have shown a correlation between body weight loss and metabolic health. Weight loss alone does not equate to health improvements; what's even more noteworthy is that individuals who do lose more body fat are less likely to develop, maintain or develop other health issues. Some additional health benefits of weight loss include the following:.. All City of Halifax employees, including police, will be authorized to smoke marijuana in the workplace.. · Reduced rates of breast and hip cancer · Reduced risks of type 2 diabetes and hypertension..
